Welcome to WebSpectra - This site was established to provide chemistry students with a library of spectroscopy problems. Interpretation of spectra is a technique that requires practice - this site provides ¹H NMR and ¹³C NMR, DEPT, COSY and IR spectra of various compounds for students to interpret. Hopefully, these problems will provide a useful resource to better understand spectroscopy.

WebSpectra - Problems in NMR and IR Spectroscopy

If you have one key, then it should be answer key. However, when you have a set of keys, and you are referring to the set, rather than individual keys, you should refer to answer-keys. You need to differentiate between references to the set, and references to individual members of a set. For some situations, you need to refer to the whole set.
