Climate of Corruption : Politics and Power Behind The ...

Corruption and political capture can also obstruct effective climate policy, limiting the quality of inspections, design and implementation of policies, and monitoring, among others. Solving environmental problems depends, to a great extent, on the quality and strength of institutions, and the capacity of civil society to supervise.

Climate change and corruption | Green Economy Coalition

"Corruption exists in every sector, whether it's energy, politics, economics, or social affairs," she added. "It exists and it will last forever, because it has to do with human nature."
