the concept of objectivity and, as Lacan would want us to believe, that subjectivity is the truth—the, for instance, subjects who say: “I play football,” doesn’t refer to himself or the ego but the one that plays the football; therefore, the player is subjected to ‘I’ that is used to refer him—nothing more than that.

Jacques Lacan Psychoanalysis | English Summary

One of the most crucial clinical innovations in psychoanalysis was Lacan’s invention of variable-length psychoanalytic sessions. Lacan adjusted the normal fifty-minute session to anywhere from a few minutes to several hours in length. As a result of this, Lacan was able to view significantly more patients. Additionally, Lacan felt that most psychoanalysis took place in-between sessions rather than during them.

Jacques Marie Émile Lacan (April 13, 1901 to September 9, 1981) was a major figure in Parisian intellectual life for much of the twentieth century.

Sometimes referred to as “the French Freud,” he is an important figure in the history of psychoanalysis. His teachings and writings explore the significance of Freud’s discovery of the unconscious both within the theory and practice of analysis itself as well as in connection with a wide range of other disciplines.

The Freudian ego does not exist in Lacan's theory. Freud and Lacan also differ in their understanding of the psychoanalytical truth. Freud, being a rationalist in a traditional sense, seemed confident that the truth is knowable, and the psychoanalyst will reveal the truth to the analysand during the treatment.
