Materials Development in Language Teaching, by Brian ...

Materials Development in Language Teaching consists of four sections, divided into seventeen chapters on theoretical and practical issues relating to creating or evaluating EFL materials. Section A deals with data collection and language analysis, which was interesting to read, but I'm not sure if I'll ever get round to doing a concordance by hand!

EFL Club - Materials Development in Language Teaching

"In this book we offer the informed and reflective practioner as the ideal agent for mediating between the practice and theory of language teaching. Some of the contributors might be labelled teachers, some materials developers, some applied linguists, some teacher trainers and some publishers, but all of them share four things in common: they have all had expereince as teachers of a second or ...
