### Technical Communications 6th Edition

Proper technical communication is a paramount skill to learn, however, this book is severely impractical and outdated. My best guess is that the author was told to write a book on technical communication, yet she lacked the requisite knowledge of the underlying subject (at least to be practical within the last 15 years).

### Technical Communication 6th Edition - amazon.com

Retaining these features, the 6th Edition of Technical Communication Today also marks an important shift to drawing readers' attention to the centralization of innovation and entrepreneurship in the technical workplace. Revised chapters, new case studies, and new exercises and projects demonstrate that those who know how to write clearly, speak persuasively, and design functional and attractive texts will be the most likely to succeed in today's innovation-based and entrepreneurial ...
