Low Country house plans originated as humble one-room cottages in the original English settlements in the tidewater regions of Maryland and Virginia (Low Country home plans are also called Tidewater house plans for this very reason). From there they spread down the coast to the Carolinas and as far as Alabama.

French architecture is a unique style that offers a lot of charm with its distinctive characteristics. These French style house plans generally have asymmetrical exteriors with a combination of ornamental attributes that complete the design. Some of the common characteristics of this design are:

- Stucco and brick exterior.
- Steep roof pitches at varying heights.

Tudor Style House Plans & Floor Plans The Tudor house plan is generally characterized by decorative half-timbering in a stucco surface. The Tudor Revival occurred in the early part of the 20th century and quickly became one of the most predominant architectural styles as masonry veneering was perfected and spread throughout the country.
