Trane's water-cooled chiller portfolio delivers an innovative product lineup that meets a variety of application challenges. Our CenTraVac® chiller is one of the industry's quietest, most reliable and efficient low-emission chillers.

## **Water Cooled Chillers - Trane**

The basic gear driven centrifugal water chiller design was introduced in 1976 and has been proven in thousands of installations. The Trane Company continues to deliver its reliability and energy fitness commitment on its newest line of gear drive centrifugal water chillers, the Model CVGF. The major advantages of the Model CVGF are:
